With support from the Formentera Council, the SON Estrella Galícia Posidònia festival will be back on the island from October 12 to 14. Part of **Discover Formentera in October**, the festival will mean three days of music, gastronomy and nature during which eager travellers can discover a brand new Formentera and experience the island in autumn, plus live shows, outings and delicious hometown food with a special touch from a Michelin-starred chef from Galicia.

Hours and locations

Artists and locations will once again be kept under wraps until the festival gets going...that's the magic of the event.

Perks for islanders

In a special bid to get islanders interested in this year's event, not only is there a free concert on Friday October 12 as part of La Mola's patron saint celebrations, there will also be a whole series of perks made available especially to residents.

Both Saturday evening and Sunday midday, islanders can purchase tickets for that day's event at a special price of €50. The all-inclusive price tag includes concert admission, food and drink.

To be eligible for the discount, islanders should visit http://bit.ly/2IAKCpE

Remember, **space is limited**.

Save Posidonia Project

SON Estrella Galícia Posidònia takes place with support from the Formentera Council and in association with the Save Posidonia Project. A similar partnership in 2017 resulted in the adoption of 10,000m^2 of posidonia meadows.
