

The Formentera Council's office of tourism unveils the newest edition of “Discover Formentera in October”.

It's the return of the twice yearly campaign of special discounts and deals to draw travellers at season's end (and beginning), serving up serious discounts on ferries, rental cars and lodging. For up-to-date info visit www.formentera.es .

Tourism secretary Alejandra Ferrer encouraged tourists to come get to know Formentera after high season. “The weather is still nice”, said Ferrer, “and visitors in October have a jam-packed—if slightly laid back— programme of culture and sports to look forward to”.

In 2018 two transport companies, Trasmapi and Mediterranea Pitiusa, are taking part in the “Discover Formentera” push, giving travellers 25% to 35% discounts on tickets. Fifteen local lodgings will slash prices by up to 40% and five car-hire agencies as well as two diving centres are joining the drive.

Gastronomic weekends

The two first weekends in October (5, 6 & 7 / 12, 13 & 14), a host of local restaurants will serve gastronomic sampling menus of typical fare for €20 (drinks not included).

Seven Formentera restaurants will offer sampling menus specially designed for the occasion. Some focus on time-honoured dishes and others go for fresh twists and rebooted versions of old classics, very often with exclusive, creative takes at affordable prices.

SONEGPosidònia

October 12-14 Formentera welcomes Son Estrella Galicia Posidònia, a 360º experience in gastronomy, music, nature and heritage.

Music: Lineup (as yet under wraps) of alternative artists performing acoustic and electronic sets.

Gastronomy: Formentera restaurants do gastronomy with the help of a Galicia-based, Michelin-starred pro chef.

Nature: Local guide takes participants to some of Formentera's signature spots, with stops in between to hear local artists perform unplugged.
