

SPORTS CENTER

The Sports center on the island of Formentera mean a before and after in sport in the lower Pitiusa. Although the characteristics of the island favor the practice of outdoor sports, this facility have a sports equipment throughout the year, hosting variety of activities.

In an area of 2,800 square meters, ground floor and first floor are located all the necessary facilities for sports such as judo, aerobics, handball, volleyball, soccer or basketball.

The ground floor entrance unified for all athletes who wish to access both the pool and the sports center will house a fitness of 72 m², 2 dressing rooms for referees, 4 changing rooms for sports equipment and technical equipment room. In addition, there are a martial arts hall of 112 m², two dressing rooms and an office for the coach.

Directed activity room, 100 m², offers dance lessons, among other activities, and located on the first floor, where it is access to the bleachers with a capacity for 506 people, widely distributed.

Added plus for the future to obtain seasonally adjusted tourism in Formentera.
