The Formentera Culture Department reports that at 6.00pm this Wednesday 9 December, the “Ajuntament Vell” exhibition space will pull back the curtain on *Formentera amb Formentera* (Formentera with Formentera).

With the world amid Covid-19 pitched into crisis, a group of illustrators, designers and musicians, all of them living on the island or nurturing close local ties, put their heads together and produced a shared creation: a thank-you video from the Formentera hospital to all the residents, businesses and government agencies that had offered pandemic-era help to the care facility.

The 30-piece exhibit includes work from Guillem Marí, Jan Ribas, Juan Moreno, Max Mallol, Patrícia Gea, Paula Tikas, Pilar Mena, Raquel Caramazana, Vicent Ferrer and Víctor Escandell, and can be seen at the Sala d’Exposicions “Ajuntament Vell” from Monday to Saturday, 11.00am–2.00pm and 6.00pm–8.00pm. The gallery is closed Sundays and Monday mornings.
