The education office of the Formentera Council reports that 12.30pm on Saturday May 25 marks the start of Dansa al carrer (“Dance in the street”), an event in Sant Francesc's plaça de la Constitució, organised by Casal de Joves, the CiF sports office and the Formentera music and dance school.

The annual encounter gives islanders and tourists a choice sampling of some of the best of what the local scene has to offer, presenting itself as a day to promote community and fraternity. This year, the dance goes mobile, and performers are scheduled to cut a path through the centre of Sant Francesc in an effort to shake things up.

A range of dance styles will be there: classical, contemporary, Spanish, Latina-salsa, Afro Brazil, capoeira and street dance. The Council encourages wide attendance at these free performances.
