The Formentera Council, through the Sant Ferran library, will put on a projection of the children's film Asterix and the Vikings on Thursday 19 March at 5pm.

Each month, the libraries of Formentera pick a movie from their catalogue to showcase in a special showing. Afterward, interested parents can borrow the selection for home viewing.

The story is adapted from an issue of the famous Asterix comics, illustrated by Albert Uderzo and written by René Goscinny.
