

The Formentera Office of Mobility is pleased to announce a new expansion of the public transport service effective Sunday 1 May:

- L2, linking La Savina and La Mola, will make an additional evening trip to La Mola. The last bus used to set out at 8.15pm, and a 9.20pm departure has now been added.
- L2 extends service to the tourist areas of Es Ca Marí and Es Copinar to coincide with the opening of several hotels nearby. The first days in May, the bus route will temporarily relocate to Camí des Simonets due to ongoing works on Carretera des Ca Marí.
- L3 and L7, linking the island's tourist resorts with Platja de ses Illetes in the nature reserve, will also begin service.

Since Thursday 14 April, public buses have offered the following service seven days a week: L1 Ring Route (linking the La Savina port with the beach area of the nature reserve, and with Es Pujols, Sant Ferran and Sant Francesc) and L2 (linking the La Savina port with Sant Francesc, Sant Ferran, Es Caló and La Mola) from 8.00am to 8.00pm or 9.00pm.

Since June 2021 the bus service has been free for riders under 18, people with disabilities and dependent individuals and their companions.
