

This 2021/22, the second edition of the Formentera Office of Sport-produced “Activa’t” not only offers islanders a round-up of camps focused on everything from archery and swimming to athletics, tennis and sailing, it functions as a one-stop source of information about Formentera’s 14 sports clubs and how to contact them. A thousand paper copies have been printed and are available at municipal sports facilities, while a digital version of the document can be found on the Consell de Formentera website and at Esports Formentera on Facebook.
