

Today Ana Juan, President of the Consell de Formentera, and Rafael González, Councillor of Territory, met with Isidor Torres and Lina Mayans of the Es Ca Marí Residents' Association (AVECM) working group, who spoke to the officials about the problems facing residents of the area. AVECM requested the meeting, at the close of which, President Juan said the local administration listens to islander concerns and will work with AVECM and relevant branches of the Consell to build consensus around solutions. "We must work hand in hand and with other administrations to offer solutions and develop sanitation and other essential services needed by the residents of Es Ca Marí", Juan asserted.
