

Next Thursday afternoon, 22 January, at 5pm, the Sant Ferran library will host for the first time a chess workshop for the children of Formentera.

This free activity will take place one Thursday a month and is organised by the Formentera Council and the Quatre Torres ('four towers') chess club.

The goal behind the workshops is to initiate children into the practise of a board game lauded for myriad benefits. Among the different claims, chess enthusiasts list its utility strengthening decision-making skills, imagination, concentration, capacity for silence and tranquility and the ability to anticipate the consequences of one's actions as some of the sport's principal advantages.
