

Solo imagina, the new exhibit set to take up residence at Centre Antoni Tur 'Gabrielet' from this Wednesday, offers islanders artist Daniela Carestia's particular vision life at the floor of Formentera's surrounding seas. The show is characterised, among other features, by a rich diversity of colours and recycled materials, and will remain on view until 2 October from 10.30am to 1.30pm and 7.00pm to 9.30pm.
