

Municipal pool to close for maintenance and upgrades

Tuesday, 04 September 2018 14:25

The Formentera Council's department of sport wishes to inform islanders that the municipal pool will be closed September 10 to 16.

Crews will conduct an array of maintenance operations—from painting locker rooms and hallways, replacing fans and installing new electrical outlets to performing upgrades on the smaller pool and the ceiling, mounting joints in the pool's beach area and carrying out other general improvements.

The pool will reopen as normal on Monday, September 17.
