

The Formentera Office of Entrepreneurship and Local Development (*Conselleria d'Emprenedoria i Desenvolupament Local*) is pleased to report that this winter the office will recruit 12 jobless islanders through the SOIB Reactiva programme. The needs of the six-month programme will be covered by two distinct rounds of recruitment, with nine individuals starting in December as part of the first. Interested parties can register now by selecting the corresponding offer on the [SOIB website](#). The application period closes 14 November.

Consell de Formentera President and Councillor of Entrepreneurship Ana Juan said she hoped to see a repeat of last year's experience, which she asserted was "positive for unemployed islanders", and defended initiatives that "aim to stimulate employment on Formentera".

Round-one profiles:

- Line 1 (for unemployed under-30s registered with the National Youth Guarantee System): three administrative assistants and two brigade operators.
- Line 3 (for short-term unemployed over-30s): two information assistants, one member of cleaning staff and one brigade member.

SOIB Reactiva 2021 is a programme of the Balearic Job-seekers' Service (*Servei d'Ocupació de les Illes Balears/SOIB*) and is co-financed by the European Social Fund's Operational Programmes for Youth and Regional Employment 2014-2020 and Spain's Sectoral Conference on Employment and Labor Affairs.
