

The Formentera Council has announced its autumn-winter catalogue of courses and workshops for adults. The aim is to offer a wide range of options to meet the local demand for educational and leisure courses.

### Language courses

This year's catalogue of language courses includes Catalan, Italian and English. The free-of-charge Catalan classes will be given by the Council's language advisory service, Servei d'Assessorament Lingüístic. Morning, afternoon and evening sessions will be offered at the A2, B1, B2, C1 and C2 levels. Enrolment will be open from September 26 to October 13 and lessons will get under way October 17 and 18. The end of the course will depend on the scheduling of this year's round of official exams, projected to take place January 2017.

Language instruction is also available for those keen to study foreign tongues. Take, for example, the English courses conducted by Nancy McConachie. Her afternoon classes will start in January and will be offered at the basic and advanced levels. Italian classes, by Rodolfo Taccheo, will also be given. The two courses—in beginners' and advanced-level Italian—will start in January on a morning timetable.

### Art and Creation

Like every year, there will also be workshops with a decidedly more artistic slant. Creación y Pintura (Creation and Painting) will be taught by Teresa Matilla and a woodworking course will be given by Aaron Keydar. Remedios Castillo and Silvia Jobani will teach a course on pottery. Those three courses will begin in November and finish in March.

Given the positive response received last year, Toni Ruiz will once again lead a radio production workshop. This theory- and practise-based course from the head of Ràdio Illa will begin in February. As for classes in IT, this year will see the start of a beginner's Photoshop course aimed at addressing some of the most basic tools of this essential image-editing software. Sergio Torres will give the course, which is due to run from February to March.

Also new this year is a beginner's digital photography course from Josep Maria Moreu and Pep Martínez. This intensive theory- and practice-based course will provide participants with a variety of photo techniques.

### Health

The Council will also run a yoga course with instruction by Susanne Laier. Classes start in November at the municipal cinema.

### Theatre

Now for the performing arts. Espai F\_, a cultural association dedicated to stage productions, and Fortmenterart, a dance and musical theatre group, have put together various courses and workshop for 2016-2017.

Espai F\_ is, together with IES Marc Ferrer, coordinating an introductory theatre course for youth aged 12 to 16. Classes will be given by Mireia Sobrevela and Miquel Costa.

The group is also behind two theatre courses for adults: a theatre laboratory for on-stage training and a course on the psychological work of constructing a contemporary dramatic character. Both courses will be given by Miquel Costa and Mireia Sobrevela.

Another course —Inside-Out— is framed around movement. It is geared towards individuals who seek to explore movement within a new body and will be led by Valeria Del Vecchio.

With Belén Cabrero at the helm, dance and theatre group Fortmenterart will give introductory and advanced jazz dance classes to adults over 18. Another course, this time with instruction by Siri, will focus on stage acting. Both courses will meet in the municipal cinema.

### Pre-enrolment

Pre-enrolment will take place from September 21. Individuals interested in participating in courses that begin in November (like pottery, painting or woodworking) have until October 21 to register. Students that wish to take part in January language courses have until December 16 to sign up. For photography, Photoshop and radio production, registration is open until January 16.

Additional training opportunities fill out the autumn-winter course catalogue. One will deal with teaching basic restaurant and bar service, another is tailored for youth workers and a third course aims to teach participants about social and cultural integration. Anyone interested in participating should contact the Office of Social Welfare.

### **Traditional arts and dance**

Finally, the Sant Ferran retirees' club will offer workshops on traditional pursuits like sewing, reseating chairs, basket weaving, wool working, cooking, and ballroom and salsa dancing. Those workshops will also be held in November. For more information, contact the retirees' club.
