

The Formentera Youth Department shared the activities programme today for the local youth drop-in centre. Vanessa Parellada seized the occasion to wish island youth a happy 2021 — which Casal de Joves staff and youngsters will be kicking off “enthusiastically with a flurry of activities, despite the situation”.

Details from the Casal:

For “Arts and crafts with recycled items” on Saturday the 9th, we’ll use our hands to make, learn and change the world.

Two tournaments —table tennis and foosball— are scheduled for 16 and 22 December, respectively. The events are open to islanders between 10 and 26 years old, regardless of skill or interest level.

On Friday the 15th we’ll cover our eyes and play, reactivating both senses and empathy, for a “blind gymkhana”.

Face facts: construction is under way on the new skatepark, and island youth skate. On Saturday the 23rd we’ll host a workshop on skating for beginners and pros.

Reservations are required for all activities and can be made at the Casal or via email at casal@conselldeformentera.cat

Other programming —Wednesday night movies, for example— remains unchanged. Dance will resume in February.

Activities have been tailored to ensure compliance for Covid-19 safety protocol.
