

The Formentera Office of Youth is pleased to report that this Saturday 19 November, the Casal de Joves will host an excursion on bicycle and sailboat as part of an outing for families. The activity is included the programme scheduled this month to commemorate World Children's Day (20 November).

"This activity is about giving local families a chance to enjoy a unique experience with their children, other families and Casal de Joves staff", said Vanessa Parellada, councillor of youth affairs, forecasting that the cycling and sailing tour would make for "an unforgettable day".

While there is no specific age requirement, participating children must cycle 5.5 km (from Roca Bella to the Nautical Sports Centre [CENF]) and then sail with help from CENF monitors.

Places are still available. To participate, send an e-mail to casal@conselldeformentera.cat.
