Today Ana Juan, president of the Consell de Formentera, swore in two members of the local police force—Marc Aragay and Carlos Alberti—as officers. Both have passed the officer training course of the Balearic School of Public Administration (*EBAP*) and completed their training period. Josep Marí, interior councillor, and Félix Ramos, chief of Formentera Local Police, were also at the event.

The local force now includes sixteen "agents", a chief and two officers.
