

This summer ushers in a new round of Campus d'Estiu, a programme of fun and fitness-based camps for children ages five to fourteen, set to take place between 30 June and 29 August.

The camps will take place Monday through Friday 9 am to 2 pm, with the option of 8 am early start and 3 pm late dismissal.

The 2014 Campus d'Estiu programme includes athletics (track-and-field), swimming, tennis and football camps. Outings will be organised every Friday to give campers the opportunity to practice sports on the beach, and camp organisers are even investigating the possibility of including trips to Aguamar.

One of the strong points of the Campus is the quality of its trainers, provided by the organising sports clubs themselves: Club Esportiu Espalmador, Societat Deportiva Formentera and Club de Tennis Illa de Formentera. In attendance at the presentation of the camp's summer programme were Formentera's councilor of Sport, Sergio Jiménez, and two specialists in the field: Omar Juan (Club Esportiu Espalmador) and Marcos Contreras (Societat Deportiva Formentera).

The [brochure](#) for the Campus d'Estiu – including prices, detailed information and a sign-up form – can be found by clicking here, or obtained at the Antoni Blanc Sports Centre.
